INTRODUCTION TO BAYMUN

BayMUN is an academic representation initiated to simulate the existing model of United Nations where students employ roles of delegates from various countries. It pushes the characteristics of leadership, collaboration, problem-solving, and public speaking to the forefront of the students' experience. An annual educational and enjoyable conference centered around solving pressing global matters in a stimulating environment. Bahrain's most prestigious and experienced MUN. Accredited by The Hague International Model United Nations (THIMUN).

THIMUN PROCEDURE

WARNING SYSTEM

Verbal Warning:

If individuals commit minor violations, chairs, runners, and admin team members have the authority to issue verbal warnings. However, if three verbal warnings are given, it will result in an official warning.

Official Warning:

A formal warning will be given to delegates to correct their behavior otherwise leading to repercussions. Those receiving three such warnings will be subject to clipping.

Clipping System:

The Head of Security, Secretary General, and the Director issue clips to delegates for direct rule violations, like dress code breaches or inappropriate language and behavior. One clip disqualifies a delegate from award consideration. Two clips may result in the delegate's expulsion from the conference. Three clips will lead to the delegate's removal from the conference and inclusion on the blacklist.
